

## Universal cleaning pads MICRO

The meiko cleaning pad MICRO is a clean alternative to the commercial sponge:

- ✓ universally usable
- ✓ washable at up to 95 °C and
- ✓ reusable

The cleaning pad could be used like a sponge or as alternative to a wipe.

- ✓ removes stubborn dirt
- ✓ deep cleansing

## Bacterial trap kitchen sponge

360 different species of bacteria on one cubic centimeter – up to 54 billion in total.

**Danger for** sensitive areas like hospitals, retirement homes or home care.

## Washing instead of throwing away

Purchase costs for cleaning sponges in comparison to cleaning pads and washing expenses:

The cleaning pad can be washed around 500 times at up to 95°C (machine wash) and reused. This saves costs and protects the environment.

## Universal cleaning pads MICRO

Use it as wipe or sponge

The difference results from combination of bristles and micro fibers. Please use the right cleaning pad simply with water or a little detergent. The bristles remove even stubborn dirt, the micro fibers guarantee a thorough cleaning.

Due to its convenient shape and the internal seams, it even easily reaches into corners and hard-to-reach edges.
